

CHAMPIONSHIP RULES

1. The inspection of the rules, specified in this text prepared by the Head Office, to be followed by the competitors will be carried out by the country representative in the semi-final stage. The rules to be followed in the competition will continue to be valid in the final stage as well as in the semi-final stage. All participants must comply fully with the championship rules. Otherwise, sanctions determined by the country representative may be applied in the semi-final stages or the competitor may be disqualified. In the final stages, if the competitor does not comply with the rules, the discretion for sanction and disqualification belongs to the head office.
2. If the participant or model is late, does not participate or cancels on the application day, the competitor will be automatically disqualified. No refund will be made in cases of disqualification.
3. Participants must be **ready** at least one hour before the application time, together with the live application model in the area where the semi-final will be held. The participants have to find the model they will do the application on themselves. The entire responsibility of the model belongs to the participant who will do the application.
4. During the application, the jury observes whether the rules are followed and reports the rule violations.
5. All models must definitely be photographed before and after the procedures.
6. The models must be without make-up before and during the application (Only modeling pen can be used).
7. The total time given for modeling, anesthesia and procedure is two and a half hours. An additional 15 minutes is given to prepare and clean out the work stations. The Jury Members will check the conditions such as the working environment of the participants, the readiness of the model and will give approval to start the application.
8. Competitors and models should not leave the area from the beginning of the application period until the end of the competition. The jury has the right to punish or disqualify those who break the rules. They can only leave the hall with a supervisor to go to the toilet.
9. The models must not have make-up or previous permanent make-up on their faces.
10. The models shall fill out a consent form, agree to follow the rules and undertake the responsibility for the procedure to be applied.
11. The models shall give written consent for their photographs and videos to be taken during the procedure.
12. Anyone over the age of 18 can be a model.

13. The models must wear a white t-shirt and a black pair of pants.
14. The competitors must wear a disposable (single use) long sleeve surgical gown or white overalls.
15. The models must wear shoe covers on their feet when they lie down on the stretcher for application.
16. The competitors must put their hair in a pony tail or bun.
17. All removable parts (needle, cartridge) must be in the sterile packages.
18. Before wearing gloves, the competitors must put on caps and masks both on themselves and their models.
19. All accessories such as bracelets, watches, rings etc. must be removed.
20. Hands must be washed before applying hand sanitizer (to be provided in the competition) and then gloves must be worn.
21. Skins of the models must be cleaned with an alcohol-based sanitizer before application.
22. The pencil to be used for modeling must be sharpened using a sterile sharpener and the skin must be sanitized.
23. All products to be used during the procedure must be wrapped in cling film (plastic wrap). The cable of the device must be covered with a protector.
24. The participants must change gloves when they touch something. If the tools such as chairs and stretchers are touched during the application, the gloves should be removed before the chair or stretcher is moved and then new gloves should be put on and get disinfected. Gloves should be changed if something is taken while wearing gloves.
25. Phones must be disinfected, wrapped in cling film and used only for taking photos. Talking on the phone while working is prohibited
26. The participant must comply with all mandatory hygiene rules for this application.
27. Work area organization;
 - Work area must be cleaned out after the application.
 - All disposable materials used must be thrown away.
 - All hygiene rules must be followed completely.
28. The participants must observe the safety of the procedure they apply as they are responsible for the health of the model and the results of their work. All responsibility belongs to the person doing the application.
